

Dear professional, the concept „Listen Learn and Talk“ was developed by Cochlear in 2005 as a resource for children diagnosed with a hearing impairment before they are 12 months old and who are part of an auditory habilitation programme. This Listen Learn and Talk workshop will introduce you to the main aspects of this auditory habilitation resource. We look forward to the opportunity of meeting with you and establishing contact for future collaboration.

ЗУГО «Безмежний діалог» – це добровільна неприбуткова громадська організація, яка розпочала свою діяльність у 2004 році. Саме в нашій організації батьки можуть отримати всебічну незалежну інформацію про: Діагностику та лікування; Протезування; Навчання; Досвід батьків у реабілітації своєї дитини; Відстоювання інтересів дитини.

Наша діяльність спрямована на реабілітацію та інтеграцію дітей з вадами слуху у суспільство чуючих людей. Важливим для нас є поширювати наші ідеї у суспільстві, знайти якнайбільше однодумців, небайдужих людей і **разом змінити життя наших дітей на краще.**

The Prof. Ernst Lehnhardt Foundation was established in 1994. The main purpose was the sustainable implementation of our vision that (re)habilitation is the most important factor in achieving satisfactory results for cochlear implant recipients. Since 2009 we offer Live Online seminars for specialists and parents in Russian language.

We invite you to join our discussions at www.lehnhardt-akademie.net/weblog-ru.
